

Locations of key files/directories

- Basic config options: `_config.yml`
- Top navigation bar config: `_data/navigation.yml`
- Single pages: `_pages/`
- Collections of pages are `.md` or `.html` files in:
 - `_teaching/`
- Footer: `_includes/footer.html`
- Static files (like PDFs): `/files/`
- Profile image (can set in `_config.yml`): `images/profile.png`
